

One-Year Limited Warranty

Polaroid will, at our option, repair or replace any Printer found defective in manufacture within the warranty period, provided that Polaroid is notified within the warranty period and the Printer is returned to an authorized Polaroid repair facility. The warranty period is determined by the date of original retail purchase. To verify the warranty period, a copy of the purchase receipt is required (keep the original receipt for your records). If a receipt is unavailable, the warranty period is determined by the date of manufacture.

If replacement parts are used in making repairs, these parts may be remanufactured, or may contain remanufactured materials. If it is necessary to replace the entire product, it may be replaced with a remanufactured product. Warranty replacement shall not extend beyond the original warranty period.

The costs of shipping the product to Polaroid for repairs shall be borne by the customer.

This warranty does not apply to damage caused by accident, misuse, tampering, use of incompatible media or accessories, failure to follow operating instructions provided by Polaroid, repairs performed by someone other than a Polaroid-Authorized Service facility, post purchase shipping-related damages, damage caused by fire, earthquake, flood, or other act of God, or damages due to abnormal operating conditions including pollution, salt, gas (sulfides), irregular power voltage, or if the product has had its serial number altered or removed. A charge will be made for such repairs.

This warranty excludes all consequential damages, except in jurisdictions not allowing such exclusions or limitations. Warranty may vary according to applicable local law.
